

Clean Vehicles Program Accident Documentation Form

Project Manager Name: _____

Project Number: _____

Basic Information for Vehicle Involved in the Accident	
Accident Date:	Accident Location:
Vehicle Unit #:	Vehicle VIN:
Engine Serial #:	Engine Make/Model:
Last Odometer Reading:	Last Odometer Reading Date:

Attached Documentation (Required)
<input type="checkbox"/> Police Report <input type="checkbox"/> Insurance Claim (If Self-Insured, Attach Internal Claims Documentation) <input type="checkbox"/> Photographs of the Accident Scene

Future Plans
<p>REPAIR: We intend to repair the vehicle and place it back in service. Our estimated repair time is <input type="checkbox"/> _____. I understand that we may be required to extend our reporting period for this vehicle by this amount of time in order to remain compliant with our contractual obligations.</p> <p>REPLACE: We intend to replace the vehicle. The estimated delivery date of the new vehicle is _____ (must be within 1 year of the accident date). I understand that 1) the new vehicle must be certified to engine standards that are at least as clean as the engine which was destroyed by the accident, 2) If a lender is involved in the purchase of the replacement vehicle, a third-party agreement will be required prior to purchase of the vehicle, 3) I must report on the replacement vehicle until the remainder of the reporting requirements are met, and 4) I understand that the reporting period may need to be extended to compensate for the lost data between the accident and the deployment of the new vehicle. I have completed the "Basic Information for Replacement Vehicles" table below.</p> <p>CLOSE-OUT: We do not intend to replace, repair, or find a substitute for the destroyed vehicle. I understand that I <input type="checkbox"/> will be required to reimburse H-GAC a pro-rated amount of the grant based on the proportion of the project life and the emission benefits that were not actualized by the original capital investment.</p>

Basic Information for Replacement Vehicle	
Engine Model Year:	Will a lender be involved in this purchase?
Vehicle Unit #:	Vehicle VIN:
