

Interactive Alternate Fuel Finder

Houston-Galveston Area Council
June 14, 2016

Andrew DeCandis, Air Quality Planner

Project Background

- Allow users to find alternative fuels in a Houston-specific format
- Facilitate networking between potential fleets and vendor partners
- Help to match future supply with current demand

3

Allow Users to Find Alt. Fuels

- Publically accessible map
- Allows users to find information about a variety of fuels as well as facility info

Houston-Galveston
Area Council

4

Facilitate Networking

- Allows users to suggest:
 - Changes to existing facilities that may have new or incorrect information
 - Inform H-GAC and other users of new facilities that are in development.
