

Sponsor or Exhibitor Opportunities Available for CCTC 2017

Featuring Low NOx and Zero Emission Technologies

Tuesday, November 14, 2017

8 am – 4 pm

Faust Distributing, 10040 East Freeway, Houston, TX 77029

As a sponsor, event exhibitor, or vehicle display participant you will have the opportunity to:

- Demonstrate your support for clean vehicles, alternative fuels, and clean air in the Houston-Galveston region
- Network with local fleets, local government representatives, and many other alternative fuel and clean vehicle stakeholders
- Highlight your successes & gain visibility among local fleets and entities adopting alternative fuel vehicles

Be a Sponsor or Exhibitor:

Conference sponsorship provides a variety of opportunities to promote your business, develop relationships with CCTC participants, and enhance the overall conference experience. The annual CCTC event will highlight the latest alternative fuel and advanced vehicle technologies available and being implemented in Houston.

Participate in 2017 CCTC by choosing one of our four sponsorship packages (including exhibitor opportunities), displaying your vehicle, or by creating a custom sponsorship package.

If you cannot find the sponsorship package you are looking for, contact us at any time to create a custom sponsorship. Contact Mike Fuller at (713) 993-2498 or email cleancities@h-gac.com or mike.fuller@h-gac.com for more information.

Display a Vehicle or Join the Ride & Drive:

Our attendees value the opportunity to see and drive new alternative fuel vehicles. We invite vehicle dealerships, conversion specialists, or fleets to participate in the Vehicle Display and Ride & Drive. Your organization will be able to display a vehicle outside of the event venue or provide a test drive opportunity. All participants will be acknowledged in the conference program.

Be a Contributor:

Highlight your company or organization at the CCTC 2017! Donate one or more items to the Air Quality Trivia Prize Drawing (i.e. gift certificates, books, theme baskets, etc). To donate items or learn more, contact Clean Cities.

Make a Tax-deductible Charitable Donation:

Organizations may also support the improvement of air quality and the promotion of cleaner alternative fuel technologies in the H-GAC region by making a donation to the Corporation for Regional Excellence (please include in notation line of check "LOCL.11.0602.Clean Cities") in support of the conference.
