

ABOUT PERC

- The Propane Education & Research Council promotes the safe, efficient use of odorized propane gas as a preferred energy source.
- PERC supports research and development, training, and safety programs in the following markets:
 - Residential / Commercial
 - Propane Autogas
 - Landscape
 - Agriculture
 - Industrial

PROPANE EDUCATION & RESEARCH COUNCIL

- Authorized by the U.S. Congress
 - Governed by 21-member industry board of directors, appointed by NPGA and GPA.
- Funded by a 4/10-cent/gallon assessment.
- 32 Staff – 100+ Member Advisory Committee

WHAT DOES PERC DO?

- Employee and Consumer Safety & Training
- Research & development of clean, efficient propane equipment, appliances and vehicles
- Educate the public about safety and the use of propane

INCENTIVES

Helping to fund upgrading to propane

FOR THE BUILDER

The Propane Education & Research Council (PERC) offers incentives for builders who include 5 or more propane applications in their homes. Incentives range from \$750 to \$1,500.

FOR THE FLEET

The Propane Council of Texas (ProCOT) offers incentives for public, private and non-profit fleets. Existing fleets are now eligible. ProCOT offers up to \$7,500 for a purchase of new propane-powered vehicle or the conversion to propane using an EPA or CARB certified after-market conversion kit. There is \$20,000 perpetual cap per fleet.

Propane companies are not eligible for this incentive.

FOR THE LANDSCAPER

Both the Propane Council of Texas (ProCOT) and the Propane Education & Research Council (PERC) offer incentives for switching to brand new factory-built propane mower or the conversion to propane using an EPA or CARB certified kit.

PROPANE COUNCIL OF TEXAS

Who's eligible?

- Private Fleets (excluding propane companies)
- Local Government Fleets
- State Fleets
- Law Enforcement
- School White Fleet
- Non-Profit Fleets

How much can I get?

ProCOT is offering incentives for the purchase of new, factory-direct LPG; engine (Original Equipment from the Manufacturer) (OEM) and/or aftermarket conversions to propane. Incentives will be available for the incremental cost between gas/diesel vehicles and a LPG vehicle.

New Guidelines

Up to \$7,500 per propane vehicle or conversion to propane (to cover the incremental cost)
\$20,000 lifetime cap per fleet

FUNDING IS AVAILABLE, FIRST COME, FIRST SERVE WHILE FUNDS ARE AVAILABLE.

Please call 1-800-325-7427 for more information.

How do I apply?

Pre-qualification is highly encouraged and required if you plan to reserve funds.

PRE-QUALIFICATION FORM

Once you have passed pre-qualification, you will be sent the reservation form (if you wish to reserve funds) and the official application.
