

HOUSTON-GALVESTON  
CLEAN CITIES COALITION:  
VOLUNTEER SUBCOMMITTEE

# Volunteer Subcommittee

2

## What

A collection of people willing to volunteer to help accomplish Coalition work outside of Stakeholder Meetings.

## Why

- Provides an opportunity for stakeholders to become more active
- Builds cohesion within the coalition
- Reduces workload on Coordinators
- Provides further education on coalition activities

## Fuel Prices

As gasoline prices increase, alternative fuels appeal more to vehicle fleet managers and consumers. Like gasoline, alternative fuel prices can fluctuate based on location, time of year, and political climate.

### Alternative Fuel Price Report

The Clean Cities Alternative Fuel Price Report provides regional alternative and conventional fuel prices for biodiesel, compressed natural gas, ethanol, hydrogen, propane, gasoline, and diesel. The Alternative Fuel Price Report is a snapshot in time of retail fuel prices. Alternative fuel fleets can obtain significantly lower fuel prices than those reported by entering into contracts directly with local fuel suppliers. See [all price reports](#).
