### **Texas Commission on Environment Quality**

#### *Seaport and Rail Yard Areas Emissions Reduction (SPRY) Program*

The purpose of the Seaport and Rail Yard Areas Emissions Reduction (SPRY) Program is to provide financial incentives for the replacement of older drayage trucks and equipment operating at eligible seaports and Class I Rail Yards in areas of Texas designated as nonattainment under the Federal Clean Air Act.

*Deadline for applications:* **February 12, 2021**

More Information: <https://www.tceq.texas.gov/airquality/terp/drayage-truck-incentive-program-dtip>

### **Texas Commission on Environmental Quality**

#### *Texas Volkswagen Mitigation Trust (TxVEMP)*

TCEQ, the lead agency for the VW Mitigation Trust in the State of Texas, has announced the availability of reimbursement funding for the replacement or repower of Class 7 and Class 8 diesel-powered refuse haulers. Vehicles may include: garbage trucks, recycling trucks, roll-off trucks, sweeper trucks, and chipper trucks.

Approximately \$6.5 million is still available for the Houston region

*Deadline for applications:* **Ongoing until all funding is awarded**

More information: <https://www.tceq.texas.gov/agency/trust>

### **Houston Galveston Area Council**

#### *Clean Vehicles Program*

The Clean Vehicles Program is focusing on accelerating the replacement of School Buses. They are taking applications from entities within the Houston-Galveston the non-attainment region.

**Anticipating:**

**Texas Commission on Environmental Quality (TCEQ)**

*Governmental Alternative Fuel Fleet (GAFF) Grant Program*

The program will provide grants to eligible applications in purchasing or leasing new motor vehicles that operate primarily on CNG, LNG, LPG, hydrogen fuel cells, or electricity, including electricity to power fully electric motor vehicles and plug-in hybrid motor vehicles. The program will also assist in the installation of refueling infrastructure for grant funded vehicles. Eligible applicants include a state agency/political subdivision that operates a fleet of more than 15 motor vehicles (excluding motor vehicles that are owned and operated under contract) and a mass transit or school transportation provider or other public entity established or provide public or school transportation services.
