The Annual Report

16

- ❖ Our Coalition's obligation to the Department of Energy
- ❖ Documents regional efforts of transitioning fleets towards alternative fuels
- ❖ Calculates reductions in:
 - ❖ Gallons of Gasoline Equivalent (GGE)
 - ❖ Reduction in Greenhouse Gas (GHG) emissions
- ❖ Helps region to chart trends and plan for the future
 - ❖ Helps to accurately plan for future funding opportunities (grant programs)

Goals

17

- Increase Responses by 5% to 7%
 - ▣ 2023 = 38
 - ▣ 2024 = 40 (5%) or **41 (7%)**
- Increase GGE Reduction by 1
 - ▣ 2023 = 17,475,718
 - ▣ 2024 > 2023
- Increase GHG Reduction by 1
 - ▣ 2023 = 57,659 tons
 - ▣ 2024 > 2023
- Increase in Electric Fuels
 - ▣ 2023 GGE = 125,807 (1.4% of all fuels reported in 2023)
 - ▣ 2024 GGE > 2023
 - ▣ 2023 GHG = 1,060 tons (7.8% of all fuels reported in 2023)
 - ▣ 2024 GHG > 2023

Goals

18

Increase Responses by 5% -7%

$$37 \rightarrow 41 = \mathbf{19\%}$$

Increase GGE reduction by at least 1

$$17,884,262 \rightarrow 21,698,793 = \mathbf{18,121,941 \text{ Gallons}}$$

Increase GHG reduction by at least 1

$$134,557 \rightarrow 190,985 = \mathbf{56,428 \text{ Tons}}$$

Increase in Electric Fuels

$$0\% \rightarrow 3.3\% = \mathbf{3.3\%}$$

Fringe Benefits from Our Work

Strategies – Big Success

24

- Sent pre-filled forms when possible
- Campaigned for School Districts
- E-Mail blasts
- CNG/RNG Sales
- MPO – Commute Solutions Programs

Strategies – Some Success

25

- Targeting big impact organizations
- Working with partners
- Responses from “Aged Out” data

Strategies – Suggestions for 2026 (2025 Data)

26

1

Review and modify survey template quickly after training

2

Prefill and issue templates to last year's respondents ASAP

3

Assign special task force for:

- Aged out surveys
- School Districts
- Whales
- Local Governments

4

Present at Freight Organizations
